### Statement for Parents/Carers, Staff and Students

We take your privacy very seriously and work to the highest standards to keep your data safe.

We are committed to compliance with all relevant EU and Member State laws in respect of personal data and to the rights and freedoms of individuals whose information we collect and process in accordance with the General Data Protection Regulation (GDPR).

Under the GDPR we are recognised as a Data Controller, Data Processor or both. The requirements differ depending on our role in the data collection and handling process.

As a Data Controller we define how and why personal data is collected, stored and used. We also utilise data processors – third parties who process the data we control on your behalf.

We achieve compliance by ensuring personal data is processed lawfully, transparently and for a specific purpose. Once the purpose of data processing is fulfilled and the data is no longer required it will be deleted.
